

[Show Animation]

Function

- Shows battle animation on the map.

Settings

- Choose the battle animation to show from the dropdown menu under [Animation].
- Choose the location to display the animation at from the dropdown menu under [Character]. The options available are player, vehicles (3 types) and events. "This Event" refers to the last map event on the call stack.
- If [Wait for Completion] is activated under [Options], the player will not be able to move until the animation is complete.
- If [Show on the Entire Map] is activated under [Options], the animation will be displayed tiled across the entire map.
